who i am. I've been told I've
the worst poker face.. It is
difficult, if not impossible,
to hide my emotions. Lets
say i wear them clearly on
my sleeve..

Similarly I dislike drama or
controversies and I'm quite
darn lazy too. So I wager
early on in my existence I
found out that it is lots less
difficult and much less of a
trouble to be truthful and
honest. It's much more
simpler by far.

And in relation to my
perspectives and/or views....
I tend to be quite overtly
vocal and possibly loud
about them. (and I do tend
to have an opinion on pretty
much a whole lot., not
everything) I am very
passionate in my views, but
thats only after I spent a lot
of time hard thinking about
it.

*I believe in the good and
of karma.. And that The
energies of good always
prevails in the end."*
